

top level of gaming technology

## Get Nyxified – build the future of gambling

We are looking for new, hungry and talented people to become Nyxified and grow with our company. Our successful three years in the expanding and exiting gambling industry has opened a lot of new opportunities for us. We have offices in Stockholm, Singapore and Isle of Man, and customers all around the globe. Our recent successful project with the French state operator, Francaise de Jeux, is yet another proof of our excellent technology and products.

If you want to be involved in creating the future of gambling and feel that you fits in one of the below positions, hurry up to contact us and send in your application/CV.
