NYX Interactive delivers innovative platform solution to the new frontrunner in mobile casino gaming, LeoVegas.com

London January 24, 2012:

Stockholm, Sweden – NYX Interactive, an award winning provider of innovative software solutions for the e-gaming industry today announced the launch of the mobile gaming focused operator LeoVegas.com. As the new frontrunner in mobile casino gaming, LeoVegas.com more than anyone combines the intuitive usability defined by Apple with the thrill of Vegas.

Targeting mobile and tablet consumers, LeoVegas.com launched on the NYX Rapid Platform™ with titles from a whole host of casino content providers including NYX Interactive, NextGen Gaming, Microgaming, NetEnt and Viaden. LeoVegas.com provides one of the most diverse mobile casino gaming offerings in the industry today – all presented in one seamless user experience.

David Flynn CEO for NYX Interactive said “This latest launch shows the flexibility of our Rapid Platform™ offering. The ability for LeoVegas.com to be able to specialize in mobile gaming whilst having the choice of content was paramount to this agreement. I’m very excited to see them launch with what is most probably the largest selection of mobile and tablet games in the industry today”.

Jonathan Dalli, e-management and spokesperson for LeoVegas.com said “The smartphone revolution is clearly shifting customer expectations for online services. With a graphical user experience like no other, LeoVegas.com also demonstrates full flexibility in front-end design enabled by the NYX Rapid Platform™ without compromising on the need for a solid back-end. Quality and innovation in play.”
